NEARING WALLS OF PEKING.

Glad Tidings from Gen. Chaffee and the American Forces.

(A. P. NIGHT REPORT.)
WASHINGTON, Aug. 13.—The American commander in China, in a dispatch of just three weeks, received at the War Department late this afternoon, sent a thrill of exultation and expectancy throughout official quarters by announcing his arrival at Ho Si Wu, only thirty-three miles from Peking, last Thursday. The last heard from him before this was at Yang Tsun, which had been captured after a hard fight, and word of his movements since then had been eagerly awaited. Thursday he was eighteen miles beyond Yang Tsun. Lang Fang, the place where the ill-fated Seymour expedition met its fate and turned back, had been left behind. The battle of Yang Tsun was fought on the 8th inst., and the advance to Ho Si Wu was accomplished on the 9th, a march of eighteen miles, in three days. This was four days ago, and at the same rate of progress, Gen. Chaffee is even now within striking distance of the walls of Peking. It was a consummation which the War Department had awaited calmly, as it accorded with calculations, although the advance had been more rapid than was expected. The dispatch from Chaffee, conveying so much in so few words, is as follows:

"CHIEF, Aug. 13.—Adjutant-General Washington: Arrived Ho Si Wu (Ho Si Wu) yesterday.
(Signed) "CHAFFEE."
Word of the advance soon spread throughout official quarters. In the enthusiasm a report got about that this was the day of the actual arrival at Peking, but the War Department has not a word of the advance beyond Ho Si Wu. It was deemed hardly likely that the march to Peking could have been made since last Thursday. At the rate of progress, six miles a day from Yang Tsun to Ho Si Wu, about twenty-four miles would have been covered in the four days, and up to today this would still leave the international forces nine miles from Peking. Viewed from any standpoint, the advance is not only strategically, but showing that communication was open back to Chefoo that the Chinese position from Chinese forces had not been sufficient to prevent the steady movement, and in the influence it would exert upon the Chinese government.

Brief as the dispatch is, it conveys much information beyond that specifically stated in its bare words. Although it is not stated what force has arrived, the War Department accepts it to mean that this is the international force which first took Peking and then Yang Tsun. It has gone steadily forward along the left bank of the Pei Ho River, keeping on the main road to enter Peking by the Yang Tsun. The railway crosses the river and branches off to the west. Now the forces have left the railway far in the rear, and are depending upon the highway and the river. Ho Si Wu is a place of considerable importance, and the largest town between Tien-Tsin and Chung Chi Wan. The latter place and Tung Chow are the two cities of consequence in the line of advance after leaving Ho Si Wu. It is surrounded by orchards and gardens, and is not a place likely to have afforded the opportunity for strong defense. It is the highest point on the Pei Ho River, where the river water is dependent on, as the native walls are the source of supply in the remainder of the route to Peking.

As it has now taken five days for Chaffee to report the advance to Ho Si Wu, it is evident that the communication is not open to the front. This was hardly to be expected, and the safe arrival of the message at least shows that a certain measure of communication is open. One of the sources of congratulation among officials is that the fanatic hordes of Chinese have not materialized, or at least have not prevented the international column from drawing close to the gates of Peking. Shortly after this dispatch arrived another message from Gen. Chaffee, far more laudatory, gave the noteworthy result of the fighting at Yang Tsun. The casualty list was given in detail, with the additional information that the dead had been buried and that the wounded had been sent back to the hospital at Tien-Tsin. The reply of the United States government to China's overtures for peace was made public early in the day, showing the firm and final position which had been taken. While expressing satisfaction at this peace step, the reply states that it is evident "that there can be no general negotiations between China and the powers." So long as the military and legation forces are restrained and in danger, and the United States expected as a condition precedent to a cessation of hostilities, the United States will not permit "to enter Peking any force, and accept the military back to Tien-Tsin."

Reference to the day that the reference to the "powers," employed in the American reply was not without a distinct meaning. Exchanges between the powers and the Chinese have been constant, and as a result the officials had the satisfaction of knowing late in the day that the position of the United States had the approval and support of all the great powers. What this day, however, was not expressed in any formal manner by all the parties, yet the changes in the channels of Europe and the United States government representatives in Washington had made it positive that the powers were acting unitedly in approval of the course of this government.

Reverend the foreign representatives, including Baron von Stenberg, the German chargé d'affaires, and Mr. De Wollast, the Russian chargé d'affaires, had extended conferences with Acting Secretary Adee during the afternoon. These added to the assurance of unanimity among the powers. The presence of the Russian representative was gratifying in clearing away some misapprehension, which was not shared by the government, as to Russia's course in authorizing M. De Giers to leave Peking under Chinese escort. It was pointed out that this in no way brought a difference in the attitude of Russia and of the other powers, as all were acting on the theory that the Chinese government must first give an absolute guarantee of the safety of the ministers.

It seems evident that this absolute guarantee cannot be given by China unless it allows the international forces to enter, so that in effect the Russian position does not differ materially from that of the other powers. At least Russia is included among those who fully approve the course taken by the United States.

United States Replies to the Overtures of China.

Ministers Must Be Escorted by Foreign Troops from Peking.
(A. P. DAY REPORT.)
WASHINGTON, Aug. 13.—The Department of State today made public the reply of the United States government to Minister Wu's message, delivered Sunday morning, in which the Chinese government requested the appointment of Earl Li Hung Chang as Envoy Plenipotentiary to negotiate with the powers. This reply was sent to Minister Wu at 5 o'clock Sunday afternoon, and is as follows:

MEMORANDUM
Touching the imperial edict of August 1, appointing Li Hung Chang Envoy Plenipotentiary to conduct negotiations on the part of China with the powers, and the request for a cessation of hostilities pending negotiations, the United States government is pleased to learn that the Chinese government has decided to accept the proposal of the United States government to appoint Earl Li Hung Chang as Envoy Plenipotentiary to negotiate with the powers, and will, on its part, enter upon such negotiations with a desire to secure a friendly settlement of the existing hostilities.

It is evident that there can be no general negotiations between China and the powers so long as the military and legation forces are restrained and in danger, and the United States expected as a condition precedent to a cessation of hostilities, the United States will not permit "to enter Peking any force, and accept the military back to Tien-Tsin."

SONS OF OLD GLORY.

Philippine Veterans Now at Denver.

Three Generations of Heroes are Reunited.
Men of the Eighth Army Corps Own the City.

(BY DIRECT WIRE TO THE TIMES.)
DENVER (Col.) Aug. 13.—(Exclusive Dispatch.) Colors patriotic on a field argent, with joy rampant, would best serve the sons of Old Glory who fought in the Philippines as a badge today. The Blue and the Gray and the Brown are mingled at the hotels today. Three generations of the American fighting blood assembled to celebrate the reunion of veterans of the Philippine campaign. The old veterans of '91, who fought on either side, are out in force to welcome the fighting sons of '00. This was not a part of the printed programme, but patriotic States' dictates. The man with the "T" representing the Eighth Army Corps, the owner of the city today, Gen. Francis V. Greene, Gen. Irving Hale and Gen. Sommers of the Second Oregon are among the prominent officers who arrived today. This morning the officers of the National Guard of Colorado assisted in receiving and tendering a royal welcome to the visitors.

Down at the depot, bright and early, appeared the reception committee of the First Colorado, Gen. Irving Hale in command, as he was two years ago, when Manila fell. All the members of the committee were the khaki uniform, each with a tiny flag and the characteristic "T" on his breast. With Manual cartridges in the hands of their dress hats, with faces alight with smiles, and stiffer-squared shoulders, they trooped about and awaited the incoming train which brought their comrades from afar.

Kansas, Nebraska and Utah furnished the greater number of the early comers, but there were several from Iowa, Washington and even Pennsylvania and New York. All were escorted to the reunion headquarters, the Brown Hotel, and there many warm welcomes awaited them. "Hello, John," "Well, Charlie," "How are you?" familiar greetings the Coloradans accorded to the Nebraskaans, for the members of these two regiments were thrown closely together in the Philippine campaign, and became as brothers. But the cordiality of the entertainers extended to all, and whoops and cheers rang hospitably out every time a new squad was ushered into the Brown's ample rooms.

This forenoon was given over to the reception of delegates exclusively. Old soldiers and young soldiers mingled together, shaking hands and in many instances swapping experiences. At 2 o'clock this afternoon a meeting was held at the Brown Hotel looking to the effecting of a permanent organization, so that the reunion of the conflict will become an annual festival, a constitution and by-laws, rules of procedure, and every incident to a complete organization will be prepared by a committee appointed for the purpose, and will be acted upon before the reunion finally closes. This committee was appointed this afternoon.

Tomorrow will be the really big day of the reunion, and the wish is generally expressed that every dwelling and business house be profusely decorated with flags and bunting, and that the citizens turn out liberally to witness the parade.

SWORE THE VENDETTA.
ITALIAN STARS FOLLOW-COUNTRY-MAN AND ESCAPED.
(A. P. DAY REPORT.)
NEW YORK, Aug. 13.—James Syfane, an Italian, was stabbed to death with a stiletto in this city last night. His brother, Angelo, knows who the murderer is, but he will not tell. "I have sworn the vendetta," he says, "No one shall kill him but I."

The two Syfanes came from Cretan Lake to visit friends, and in the course of their visit became involved in an argument with a fellow Italian, the first murderer, the third Italian described him as an oppressor of the poor. The quarrel ended in an affray in which James Syfane was stabbed in the left arm and breast. His assailant escaped, though pursued by a policeman.

WE ARE TOO SURE.

Pacific Coasters Need Looking After.

Waymire Would Have Hanna Send Out Talkers.

Indiana "Audience" Talk of a Third Ticket—The Bryanites.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 13.—[Exclusive Dispatch.] James A. Waymire of California called on Chairman Hanna today and urged the sending of speakers to California for the campaign. Waymire told Hanna the Republicans of the Pacific Coast were in a panic. "Thousands were likely to stay away from the polls," he asserted, "with proper efforts, California would give 20,000 plurality for McKinley, as the people of the Coast are enthusiastic for expansion."

Oregon and Washington, he stated, are certain to give McKinley their electoral votes, and Utah, Nevada and Idaho are leaning that way. Waymire especially urged that Roosevelt be sent to California, and personally requested the Governor to make the trip. Roosevelt, however, said that he would not promise, referring Waymire to Congressman Henry C. Payne, who is arranging his itinerary.

Chairman Hanna has received scores of letters and telegrams from the Middle West, in answer to inquiries, indicating that Bryan's speech on imperialism is accepted. Hanna was anxious to know if the speech had altered the political situation. Reports coming in say the speech has failed and that Bryan cannot make imperialism the dominant issue if he talks on it till election day. Business men and others who have studied the question take little or no interest in it.

AT REPUBLICAN HEADQUARTERS.

AN IMPASSIONED DEBATER CALLS.

NEW YORK, Aug. 13.—Perhaps the most interesting visitor at the national headquarters of the Republican party today was Louis C. Howe, the so-called "Dean of Art" of the anti-Lincoln League of Boston. Howe, a well-known writer, called on Chairman Hanna and talked with Senator Hanna. He then had an audience with the chairman.

SEN. HANNA HAS ASKED ABOUT THE MATTER.

Senator Hanna was asked about the matter by Howe. "For God's sake," he said, "don't let the Republican National Committee in Boston know that you are here. We all deplore lynching. I told him that all moral and religious people are against lynching. This is not a party matter."

ROOSEVELT'S ITINERARY.

NEW YORK, Aug. 13.—At Republican headquarters today, Senator Scott of West Virginia said that the itinerary for Gov. Roosevelt had been decided and will be sent to Henry C. Payne of Chicago for him to confer with all the places where the Governor would speak, and get the dates arranged before it is made public.

INDIANA "AUDIENCE."

A WALK OF A THIRD TICKET.

INDIANAPOLIS, Aug. 13.—The Congress of the Anti-Imperialist League will be called to order Wednesday morning in Tomlinson Hall by ex-Senator John B. Henderson of Missouri, who will introduce ex-Gov. Brewster of Massachusetts as presiding officer. Ex-Gov. Brewster is opposed to placing a third ticket in the field, and will use all his influence to prevent the nomination of a third ticket and the issue of the endorsement of Bryan and Stevenson.

THE BRYAN PEOPLE.

CONFERENCE AT CHICAGO.

CHICAGO, Aug. 13.—Chairman Park Martin of the Indiana State Central Committee and Mayor Taggart of Indianapolis were in conference today with Chairman Jones of the National Committee and Vice-Chairman Johnson, Bryan and ex-Gov. Atwood of Illinois and Stone of Missouri also were present. It is expected that Bryan will make some speeches in Indiana toward the close of the campaign. Webster Davis, on his way to Wheeling, W. Va., for a speaking tour, was a caller at Democratic headquarters today. W. C. Dearford, secretary of the Bureau of Organized Labor, has been elected today, has about five hundred members, scattered throughout the State.

MONEY LEAGUE AND BRYAN.

(A. P. DAY REPORT.)

DENVER (Col.), Aug. 13.—William J. Bryan will receive notification of his nomination for the Presidency by the United States Monetary League at Topeka, Kan., August 23, the date of the people's party notification exercise. Judge A. W. Rucker, chairman of the Notification Committee, will deliver the address of notification on behalf of the league, and Hon. T. M. Patterson of this city will make the speech on behalf of the people's party.

DARK CLOUD ON HORIZON.

CHICAGO, Aug. 13.—Bryan had a conference today with a delegation of colored men, headed by J. Milton Turner of St. Louis, former Minister to Liberia. They represented that there was much dissatisfaction among the members of their race with the present

administration, and assured Bryan that he would receive the votes of many of them. They therefore urged the importance of the organization of Bryan Democratic clubs.

BRYAN MEETS HIS MATCH.

CHICAGO, Aug. 13.—Bryan cloaked himself with a photograph today, and delivered over again parts of the speech of acceptance he made at Indianapolis last week. Those sections in which the candidate promised to call an extra session of Congress to deal with the Philippine question and the closing periods were the principal parts of the speech that went into the phonograph. It is expected that Bryan's speech, as ground out by the phonograph, will play an important part in the campaign.

BRYAN IS TOO KIND.

CHICAGO, Aug. 13.—The Chronicle tomorrow will say: "Col. W. J. Bryan will not be in Chicago Tuesday, August 14, the day of the great parade of the G. A. R. He will be in Indianapolis, where he will deliver a counter-attack on the Democratic nomination of Bryan, the day after tomorrow, or perhaps two days later. This decision was made after Mr. Bryan was made acquainted with the program and the part to which he was assigned."

THOSE GROWING CLUBS.

NEW YORK, Aug. 13.—The National Association of Democratic Clubs received a letter from the Chicago Tribune today from W. J. Bryan that he will attend the quadrennial convention of that association in Indianapolis October 4 and 5. It is announced that during the week that the association's headquarters in this city have been open, 13,000 new members have been received into the organization.

EDITOR HITCHCOCK TO RUN.

OMAHA, Aug. 13.—Gilbert M. Hitchcock, publisher of the Omaha World-Herald, will print in the paper tomorrow a letter to the voters of Nebraska, announcing that he will be a candidate for the office of Governor at the next Legislature.

SIXTH WEEK SEES END.

Testimony Concluded in the Powers Trial.

Jury Views the Scene of Murder—Told by Case Next.

GEORGETOWN, (Ky.), Aug. 13.—The hearing of testimony in the case of ex-Secretary of State Caleb Powers was concluded at noon today and tomorrow the argument before the jury will begin.

CLOSING TESTIMONY.

GEORGETOWN, (Ky.), Aug. 13.—The sixth week of the Powers trial began today. B. W. Bradburn, a member of the reward committee, testified that of the \$5,000 drawn by the commission of the money appropriated by the Legislature only about \$5,000 had been expended and said that he had been paid in any amount by the commission or contract existed between the reward committee and Bradburn. He also testified that he had not seen or heard of Powers since the trial.

A DISPATCH IN ONE OF THE PAPERS.

A dispatch in one of the papers, dated at San Francisco, states that Gen. Del Pilar, who recently was ordered, says he wishes to become a good American citizen, and intends to accept the American terms offered to him. He said he would like nothing more than to raise a regiment of native Filipinos to serve in China.

SHIP AFIRE AT SEA.

TERRIBLE EXPERIENCE OF THE LINER CYRUS.

NEW YORK, Aug. 13.—The White Star liner Cyrus, just arrived, had a terrible experience while crossing the Atlantic. At noon Sunday, August 5, when the big vessel was nineteen hours out from Queenstown, fire was discovered in the engine room. The fire was not under control until it had reached the forward hold, and it raged thirty-six hours, until midnight Monday, when it was then reported to be under control. Hold No. 12, however, the fire is believed to have originated, had been flooded for the purpose of checking the flames. The water leaked through into other compartments, and caused heavy losses to the general merchandise stored there. The boat, however, was not seriously injured.

BENNINGERS VICTIMS.

THIRTEEN ARE DEAD AND SIXTEEN INJURED.

ALBANY, N. Y., Aug. 13.—Thirteen are dead and sixteen injured as a result of the grade-crossing accident at Benningers, on the Lehigh and New England Railroad last night. Besides those reported last night, Miss Maggie Jones, aged 30, and Miss Susan Bachman, aged 33, are dead.

THOSE MOST SERIOUSLY INJURED ARE MRS. WILLIAM REED, ALICE NAGLE AND HATTIE NAGLE.

Coroner Krim began an inquest today.

AMER TO ADVANCE.

CONTEMPLATES SENDING TROOPS TO RUSSIAN FRONTIER.

LONDON, Aug. 13.—[By Associated Cable.] A London agency dispatch from Lahore, Punjab, says that the Amer of Afghanistan is mobilizing forces of infantry and cavalry, and that it reports an advance on the Russian frontier is contemplated. It is added that the news is not fully credited at Lahore, though it is explained the Amer's behavior has been causing some uneasiness in official circles.

"BARLEY KING" GOES BROKE.

CHICAGO, Aug. 13.—A petition in bankruptcy was filed today by Henry J. O'Neill, commonly called the "Barley King." His liabilities are \$442,000; assets, \$600.

Charleson Party Finds Lonely Cabins.

Well Stocked With Supplies But Inmates Gone.

Skeletons of a Dozen Dead Horses Found—Strange Indians.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, Aug. 13.—[Exclusive Dispatch.] The members of the Charleson party, engaged in stringing the all-Canadian telephone wire to Dawson, returned today from sections of the Klondike country where it was thought that the foot of the white man had never trod before. They relate many strange experiences, and believe that they met Indians who had never seen a white man before, so entirely overcome were they with curiosity. The most startling story that they have to relate, however, is as follows:

Men were sent ahead near Pike River into a dense forest with rank underbrush. They went fully armed, as they did not know what form of wild animal or hostile Indian they would meet. They were instructed to follow the river, and to keep a sharp lookout for any signs of life. About 5 o'clock on the second evening their trail suddenly opened into a wide space that some one had cleared before them. The men were amazed to find a number of cabins were placed in a row on all parts of the river. The houses were built of logs and were well stocked with provisions, but all were deserted. The men were told that the Indians had been there for some time, but that they had fled when the white men appeared. AFTER THE DYNAMITERS.

ST. LOUIS OFFICERS MAKE SOME ARRESTS.

ST. LOUIS, Aug. 13.—John W. Whalen, in whose hall the Eastern-avenue division of the street railway strikers have their headquarters, and others were arrested at noon today. This afternoon Whalen was "sweated" by Chief of Detectives Desmond in order to learn the details of Saturday night's dynamite explosion. It is thought to be the theory of the police that the dynamite plots were hatched in Whalen's hall, and that Whalen had knowledge of them.

General Manager Baumhoff of the St. Louis Transit Company said today: "I am sorry that the newspapers learned of the arrest of these men yesterday. We had been watching them for some time, and if nothing had been published we would likely have bagged them ten more of them in a short time."

Assistant Prosecuting Attorney Johnson, in conference with Attorney Chester H. Crum of the St. Louis Transit Company, decided that the alleged dynamiters should be prosecuted under the statute prohibiting the placing of obstructions on the tracks of railway companies. The extreme penalty is twenty years imprisonment.

Craven, wounded in leg, above knee, slight; July 14, 1917: Capt. L. A. Ligon, Co. E, Thirtieth Infantry, John Fleming, wounded in knee, serious."

MAJ. F. A. WHITNEY DEAD.

CIVIL WAR HERO EXPIRES IN THE PHILIPPINES.

WASHINGTON, Aug. 13.—Adj. Gen. Corbin received a cable message this morning from Gen. MacArthur saying that Maj. F. A. Whitney of the Sixth Infantry died at Manila on the 11th inst. of heart disease.

Maj. Whitney was one of the heroes of the civil war, and was brevetted three times, the last as major of volunteers, for gallant and meritorious service in the battle of Gettysburg, Pa., July 3, 1863. He was a native of the District of Columbia, and entered the army April 23, 1862, as second lieutenant in the First Maryland Cavalry. After the civil war he was commissioned in the regular army as second lieutenant in the Sixth Infantry. He reached the grade of major of the Sixth Infantry in July, 1898, and served with that regiment up to the time of his death.

SHOT INTO THE CROWD.

NON-UNION NEGRO WOUNDS THREE BALTIMORE MEN.

BALTIMORE, Aug. 13.—The strike of the 2000 union elevator men is assuming an ugly aspect, in which minor disturbances are likely to occur. A big crowd last night attacked a street car at Locust Point in which were a number of non-union colored men.

One of the negroes drew a pistol and fired five shots into the crowd of men, women and boys who were following the car. The shots were aimed at the non-union men. The crowd was scattered, and the car was damaged. The police were called, and the men were taken to the hospital.

WARRANT OUT FOR WATKINS.

Charged With Threats to Kill His Brother-in-Law.

Suit Filed for Judgment on One of Watkins' Notes.

A warrant is out for the arrest of Orville J. Watkins of this city on the charge of making threats to kill the complainant is Charles O. Hawley, brother-in-law and late business associate of Watkins.

Hawley had but a slight acquaintance with Watkins when he associated himself with him in the insurance business last March. He admitted Watkins' capacity for doing business, but was not associated with him long because he found his work too coarse. The result was a split up, Hawley valuing his good name too highly to continue in partnership with his brother-in-law.

After their separation, Watkins circulated the story that Hawley was jealous of his business success, and that Hawley had shot at him twice, all of which Hawley denounces as utterly false. Hawley, on the contrary, charges that Watkins threatened to kill him, and this threat was so often repeated and came to Hawley in so many different forms, that he finally concluded to have Watkins put under bonds to keep the peace. For this reason Dist. Atty. Rives last Saturday granted a complaint for threats to kill and a warrant for the arrest of Watkins was issued.

Watkins left the city last Friday on Saturday, and is supposed to be at his ranch at Rialto. It has not been thought worth while to send an officer of the county to arrest him, but should he return to Los Angeles he will be taken into custody. It is not considered probable, however, that he will return here of his own free will, as there are other charges upon which he may be prosecuted. His dupes are said to number scores, and it will be made very hot for him if he ventures to return to the city.

RAISING OYSTER BEDS

**CAUSES AND REMEDIES OF THE
BIVALVE'S DECREASE.**

SPECIAL CORRESPONDENCE OF THE TIMES.

NEW YORK, Aug. 4.—It is pointed out that partial failure of the oyster crop in certain years, the diminution in size of oysters on the market, and the extinction of many oyster beds that were formerly so famous—the Shinnecock, for instance—have been the want of material for the production of the oyster shell. The beds throughout the oyster belt have steadily deteriorated in late years, and in many cases become absolutely worthless, inasmuch as the fragments of shells that are

For this trouble, the defilement of the water has caused, and the waste

various kinds of waste and the various causes of disease, and the various means of establishing health have usually been blarneyed; sometimes justly, sometimes without cause. What the oyster must have, or it will perish, is a full supply of carbonate of lime with which to build its shell. This carbonate of lime, in mechanical solution, as the oyster expressed, comes down from the hills and plains of the interior of drainage, the oyster has all the material it needs for building its shell. At low tide, the flowing tide brings it and the food. Something else be done, to enable the oyster to hold its own against the dredge, the rake, the gun, the pump, and other destructive agencies of man, is the only important matter. THE PUBLIC SERVICE:
THE LOCAL GOVERNMENTS.

EVENTS OF THE DAY.

The City Council yesterday decided to advertise for bids for a new pipe line to conduct water to Westlake Park.

The Council accepted an offer of the East Side Lighting Company to put in a pumping plant above the Buena Vista Street Bridge to supply the Vernon district.

The Board of Health declined to offer substantial inducements to Dr. Riehl to encourage him in saving lives with kites.

A complaint was lodged in the Township Court yesterday, charging Andrew Brown with assault with a deadly weapon. The complainant is Milton Carlson, a high school teacher of this city.

San Pedro is at fever heat over the appointment of a school trustee. County Superintendent Strine has had the matter in hand and an informal election next Saturday will settle the question.

In the Police Court yesterday the blackmail charge against Mrs. Slovensky was dismissed, and a sensational case brought by the State against her was dropped.

[AT THE CITY HALL.]
SAVING WESTLAKE PARK.
City Council Will Build a New Pipe Line.

Headline Water Will Be Pumped from the Lake for Lawns.

The City Council has become aroused to the fact that water must be had immediately to save beautiful Westlake Park from drying up. Yesterday morning there was presented a communication from the Park Commission urging that some action be taken to get ready supply of water for Westlake and Central parks, the decrepit condition of the pipe line leaving the parks much of the time in a state of drought.

The City Engineer was called in, and his opinion as to the proper remedy asked. Mr. Olmsted described the disrepairing condition of the pipe line along Orange street, and said that there are about 2800 feet of the pipe from Alvarado street to Lucas avenue which ought to be replaced right away.

"It's a great question, though," he said, "whether it is better to replace that line with new pipe, or abandon the whole system."

As it is now, there are 10000 miles of pipe draw on the water supply. (Mr. Olmsted says without strict legal right.) It is suggested that the city buy the pipe from the source of supply, so as to cut out the middle man. This plan would necessitate laying a new pipe line from Sixth street to Central Park.

One of the difficulties that he suggested is that of time. To lay the pipe on Orange street, would take about thirty days, but along Alvarado street, as he suggests from sixty to ninety days.

Mr. Olmsted estimated that to construct a new pipe of 2400 feet on Orange street, would cost \$2500, and to supply above the Buena Vista and Alvarado streets, \$3000. This last plan he advised.

But after the bringing of the water for the Buena Vista and Central Park through the Alvarado street, it is practicable to bring that water down Alvarado street.

NEW PUMPING PLANT.

MORE WATER FOR VERNON.
The City Council yesterday morning accepted a proposition from the East Side Lighting Company to relieve the water shortage from which the district suffers. It is to be operated by electricity and is to raise 15000 gallons of water into the Zanja Madre. The machinery proposed will include three phase induction motor and a Byron Jackson centrifugal pump.

The company in making the offer to the City Engineer imposed the conditions that the plant be installed within ten days, that the payments to be made monthly, and that the contract remain in force until December 31.

The Finance Committee reported favorably on this proposition and the Council decided to accept the offer with the reservation that the City Engineer is to do the excavating if he can save the city money.

The City Engineer says that the Vernon people are in crying need of water. The 15 inch pipe proposed would not be nearly enough to fill the requirements. The 18 inch pipe, however, that it would be 15 inches better than the present conditions. With the water pumped from Buena Vista street, through the Zanja Madre, the water could have to be taken several miles away from the Vernon people and it is a pity that the City Council has not lately dug wells and provided their pumping plants.

Great Scheme Scorned.
Dr. Frederick W. Riehl, who wants a substantial inducement from the City Council to put in a kite to save human life in the air, means of kites, was coolly turned down by the Board of Health yesterday afternoon.

Mass Surveys.
The City Engineer made application yesterday to the City Council for an additional surveying party to establish the boundaries for the Freed-

ers and to fix a fence-line asked for by the Park Commissioners. The Council will allow the party, the Engineer being instructed to go ahead and put in a requisition.

Main-street Repaving.
The City Council passed yesterday the final ordinance for the repaving of Main street between First and March streets, and instructed the City Clerk to advertise for bids.

Assessor's Vacation.
The City Council granted a leave of absence of fifteen days to City Assessor Ben E. Ward yesterday morning.

Echo Park-lake Dam.
The City Engineer submitted his estimate of the cost of changing the dam at Echo Park lake, and constructing a new outlet at \$1200; for changing the dam, \$800, and for a new outlet, \$400. The clerk was directed to advertise for bids.

A Way to Weigh.
The City Clerk was instructed by the Council yesterday morning to advertise for supplies for the Fire Department. One of the Councilmen threw in this side remark: "And you are going to be some way to weigh and check up on the Fire Department, after the fellow in the Fire Department, after."

[AT THE COURTHOUSE.]
COOK IN HIS CUPS.
Assaults High-school Teacher With an Ax.

Milton Carlson Assaults Andrew Brown With Deadly-weapon Assault.

A complaint was lodged in the Township Court yesterday, charging Andrew Brown with assault with a deadly weapon. The weapon was a sharp ax, according to the story told by Deputy District Attorney McComas. Brown was bent on literally quartering a human being.

The complaining witness—the man assaulted—is Milton Carlson, a Los Angeles high school teacher, and upon his person he bears the bloody marks of a serious fray.

It happened in the mountains north of Pasadena during the recent fighting days. There were several witnesses to the scene.

Before the first broke out, Carlson and his father, a man 65 years of age, were knocking round the hills, hunting and fishing and taking a general vacation. When things began to get pretty warm in their vicinity, however, they at once lay aside and went to work in the mountains.

At the end of the first day they had nothing to eat and were compelled to retire to the camp of the other fighters for provisions.

What they ate was begrudged them. The forest ranger came along and ordered them fed from the big store house. The ranger said that the reason the cooks could not become reconciled to their presence in camp, was that they were not getting their share of the food.

The end, however, had no real connection with the incident. Carlson, who was a young man, was a school teacher, and was a very good cook. He had been in the mountains for some time, and was a very good cook.

The Council yesterday morning accepted a proposition from the East Side Lighting Company to relieve the water shortage from which the district suffers. It is to be operated by electricity and is to raise 15000 gallons of water into the Zanja Madre. The machinery proposed will include three phase induction motor and a Byron Jackson centrifugal pump.

The company in making the offer to the City Engineer imposed the conditions that the plant be installed within ten days, that the payments to be made monthly, and that the contract remain in force until December 31.

LAW SUIT OVER WELL.
SCHOOL DISTRICT LOSSES.
A. C. Harper was in Judge Trask's court yesterday on the issue of a writ of habeas corpus for \$200. It was an appeal case, in which the lower court had given judgment to the plaintiff.

SCHOOL TROUBLES.
San Pedro is in a fever over the appointment of a school trustee. It is now up to County Superintendent Strine to bring about a normal temperature and he has at last determined upon the proper medicine.

Last May J. L. De Jarratt, one of the trustees of the school district, was a vacancy on the school board. After an absence of ninety days, he still had not returned. The County Superintendent is now trying to get him back.

Blackmail Case Against Her is Dismissed.
Will Take Husband's Body East—Mystery Not Fully Cleared Up.

The complaint against Mrs. Hendrick F. Slovensky, charging her jointly with her husband, with blackmail and extortion, was dismissed yesterday by Justice Austin. The action was not unexpected, as the facts in the woman alone would not be pressed.

MOTION TO DISMISS.
The case was not on the calendar for consideration yesterday, but when Deputy District Attorney Chambers appeared before Justice Austin at 3 o'clock in the afternoon to make a motion for dismissal, the case was taken up.

THE OIL INDUSTRY.
WAR IN SIGHT.
California Exchange Plans Attack on Rival.

Prices Going Down—Tidings from the Santa Barbara Field.

Although the total business on the floor of the Los Angeles Oil Exchange yesterday was considerably smaller than that of Saturday last, the value of the stock sold more than equaled the total for that day. It was estimated that the total value of the stock sold was \$450,000.

The bears pushed Westlake down several points, it reaching 39 cents, and only advancing to 41, with little selling at that price. Knowing one dealer that Westlake is a good stock, but that the programme is well outlined, and it will continue to lose ground.

Many are said to be ready to unload at present prices, with the intention of buying in at a lower price. The California Oil Exchange is in the neighborhood of 47 cents, and although an effort is being made to keep the market from breaking, it is liable to decline several points. One reason given for its weakness, is the amount of the stock on the market. Several thousand shares have been sold recently, and it is rumored that there are many more to be had. Southern buyers are expected to step down yesterday, when 1000 shares sold at 34 cents.

Rommel dropped four points, and although only 150 shares were sold, it is quite probable that it will not advance many points above this figure at present.

On the Los Angeles Exchange yesterday the sales in listed stocks were:

vent of Salina, although it is not

a story of a phenomenal wheat yield.

T. J. Duncan last fall reaped 190 acres of

wheat land, and the girl harrowed

and during the succeeding eight months

the pair were at liberty to go to school.

When the wheat was ripe a man was

hired to drive the self-binder, but the

two children set the wheat into shocks

and carried them to the barn, where

they were recently threshed and yielded

4000 bushels of sixty-one pound wheat.

It is worth the local market \$300.

One-third of this amount goes for the

rental. The balance, \$100, represents

the earnings of the two children, with

no capital except two teams and a few

implements. And they had their

eight months' of schooling in the mean-

time.

WHEAT AND HIGHER EDUCATION.

The wheat crop this year means a

college course to many Kansas boys

and girls. There are seven educational

institutions in Salina—a college of lib-

eral arts, a normal school, a business

college, two military academies, a

school of telegraphy and a conserva-

tory of music—and all are expecting a

largely increased attendance when they

open their doors in September.

But it is not only Kansas institutions

which will secure an increase of stu-

dents. Every large eastern insti-

titution will have more students from

Kansas this year than ever before.

Their expenses will be paid by wheat.

H. H. Olson, who owns a farm near

Marquette, twenty miles southwest of

Salina, from which he has cleared from

\$4000 to \$7000 nearly every year for

twenty-one years, has this year set

his farm for a term of six years at a

rental of \$1000 per year, and in a few

weeks he will move his family to Con-

necticut in order to send his son

through Yale.

There is one line of industry to which

a big crop is always a source of trouble,

but at the same time a source of profit.

How Many Are We?

In the City of Los Angeles; in the County; in the Seven Southern California Counties; the State of California, and the United States?

The Times Inaugurates a Guessing Contest.

Everybody Invited. No restrictions on account of age or sex. Make as many guesses as you please every day.

THE PRIZES.

- For the closest guess as to the number of people in the City of Los Angeles as shown by official figures of the present census, The Times will give the Chickering Piano described below, valued at \$600.
- For the closest guess as to the number of people in the United States, (the new island possessions excluded) The Times will give the Eastman Kodak and outfit as described below, valued at \$450.
- For the closest guess as to the number of people in Los Angeles County, The Times will give a Gentleman's or Lady's Columbia Chainless Wheel valued at \$75.00.
- For the closest guess as to the number of people in the seven Southern California counties—Los Angeles, Orange, Riverside, San Diego, San Bernardino, Ventura and Santa Barbara—The Times will give diamond ring as described below, valued at \$75.00.
- For the closest guess as to the number of people in the state, The Times will give tuition at Los Angeles Military Academy as described below, valued at \$100.00.

Read Carefully the Information for Guessers.

United States	CENSUS 1890
City of Los Angeles	62,622,280
County of Los Angeles	80,395
County of Los Angeles	101,454
7 Southern California Counties	201,352
State of California	1,208,130

Guesses will be numbered and filed as soon as received. If two or more persons make the same guess, the prize will be awarded to the person who made his or her guess first as shown by the number. Guesses will be received up to date on which the official announcement of the city census is made.

Chickering Upright Piano

FROM SOUTHERN CALIFORNIA MUSIC CO.

Representing a Cash Value of \$600.00.

"The Times" carefully studied the merits of the various high-grade pianos before selecting the Chickering as first prize.

In deciding on this wonderful instrument, The Times believes that no other piano is capable of such exquisite tones, such subtle effects, such a great range of sound from softness to tremendous volume.

The Southern California Music Co. will show the winner a choice of woods.

By special permission, The Times invites any contestant to visit the big music warehouses of the Southern California Music Co., where the Chickering piano is exclusively sold.

The beautiful instrument to be given in the guessing contest is well worth a close study by lovers of music, as it is the highest type of piano making in the world.
